

TYPHOON MAWAR RECOVERY AND RESILIENCE

Hāfa Adai.

Our hearts go out to the people affected by Typhoon Mawar. Below are a few community resources and organizations we gathered that can assist individuals with concerns that are often exacerbated by natural disasters. These could include resources for disaster assistance, mental health support, unemployment assistance, domestic violence resources, financial assistance, health care services, and more. These resources are culturally and regionally specific, and designed to lift up, promote, and support through connectivity.

This resource directory continues to grow as we learn more from our community partners. For the most up to date list, please visit [our website here](#).

The AANHPI ‘Ohana Center of Excellence is your source for empowerment, education, and support for individuals seeking behavioral healthcare, including mental health and substance use resources. We center (w)holistic and cultural approaches to serving the needs for Pacific Islander, Asian American, and Native Hawaiian communities.

You may contact us anytime at hello@aanhpi-ohana.org, or visit <https://aanhpi-ohana.org>.
